

Schedule of Oral Presentation

Date : Wednesday, 28 August 2019
Room : A (R.K 6.4, 6th floor)
Time : 13.00
Moderator : Mahardian Rahmadi, S.Si., M.Sc., Ph.D., Apt

No	Name	Abstract Title
1	Benny Kristian	Stability Study of 2-(3-Chloromethylbenzoyloxy) Benzoic Acid According to ICH Stability Testing Method of New Material and Drug Product Q1A (R2)
2	Ana Fatanah	Solid Dispersion for Improving Solubility and Dissolution of Meloxicam-HPMC 3cps-Nicotinamide
3	Meivita Yusmala	Ternary Solid Dispersion to Improve Solubility and Dissolution of Meloxicam
4	Mohammad Rizki	ADMET Properties of Novel 5-O-Benzoylpinostrobin Derivatives
5	Rini Hamsidi	Base optimization combined of PVA and HPMC on preparations of Peel-Off Gel Mask Antioxidant from Ethanol Extract of Papaya Leaves (Caricapapaya L.) Using Simplex Lattice Design (SLD) Methods
6	Chi-Hsiang Lai	Investigate the biological activities of astaxanthin-loaded liposomes in bone cells
7	Shin-Tsai Kao	Application of the hagfish slime in biomedical materials

Date : Wednesday, 28 August 2019
Room : B (R.K 6.5, 6th floor)
Time : 13.00
Moderator : Elida Zairina, S.Si., MPH., Ph.D., Apt.

No	Name	Abstract Title
1	Tri Murti Andayani	Translation, Cultural Adaptation, and Validation of The Quality of Well Being-Self Administered (QWB-SA) In General Population in Indonesia
2	Lisa Aditama	Adherence Assessment on Oral Antidiabetic Medication Use: A Study for The Implementation of Medication Therapy Management in Surabaya Primary Health Care
3	Anita Purnamayanti	Impact of Educational Booklet on Knowledge and Aspirin-taking Adherence in Pregnant Women with High Risk for Preeclampsia
4	Maria Ulfa	A Case Report of Generalized Tetanus in a 42 year Man With Dental Infection
5	Dian H. B. Munthe	Platelet Antiaggregation Effect Study of Clopidogrel Used with Usual Dose of Omeprazole in Patients with Coronary Heart Disease Under Dual Antiplatelet
6	Anita Purnamayanti	Which methotrexate's substitution is most cost-effective in rheumatoid arthritis combination therapy ? - a lesson learnt from drug shortages

Date : Wednesday, 28 August 2019
Room : C (R.K 5.2, 5th floor)
Time : 13.00
Moderator : Chrismawan Ardianto, S.Farm., M.Sc., Ph.D., Apt.

No	Name	Abstract Title
1	Hijrawati A. Wardani	Development of Nonalcoholic Fatty Liver Disease Model by High-Fat Diet in Rats
2	Danik M. Hayati	Comparison of the Rewarding Effect of Cigarette Smoke Extract (CSE) and Nicotine in Mice
3	Farah	The Effect of Quercetin on Mice of Oxaliplatin-induced Peripheral Neuropathy
4	Margareta D. Andri	Curcumin Attenuates Motoric and Cognitive Function through MC4R Activation in Animal Ischemic Stroke
5	Lutvia Alnizar	The Effect of Fluvoxamine on Stress-induced Gastric Ulcer
6	Ajeng Dela Sari	The Effect of Quercetin on the Expression of Melanocortin-4 Receptor(MC4R) and Behaviour Functions in Animal with Ischemic Stroke

Date : Wednesday, 28 August 2019
Room : D (R.K 5.4, 5th floor)
Time : 13.00
Moderator : Mohammad Rizky Fadhil P., S.Farm., M.Si., Apt.

No	Name	Abstract Title
1	Fensia A. Souhoka	Effect of Processing Methods for Synthesis of Curcumin Analogs from Cullilawan Oil Against Preventing Effect of Liver Damage on Male Mice (S.)
2	Burhan Ma'arif	Antineuroinflammation Activity of n-Butanol Fraction of Marsilea crenatapresl. in Microglia HMC3 Cell Line
3	Dhani Wijaya	Analysis of the use and cost of stress ulcer drug as a prophylaxis in surgical patients
4	Irfan R. Pamungkas	Ethanol extract and ethyl acetate fraction of Andrographis paniculata possess analgesic activity in animal model
5	Fitroh Mubarokah	The toxicity of glutaraldehyd as a cross-link agent in BHA-gelatin-gentamicin pellet on cell growth (MTT Test)
6	Dinda M. N. Ratri	Overview of therapeutic changes on antiepileptic drugs in adult patients

Date : Thursday, 29 August 2019
Room : A (R.K 6.4, 6th floor)
Time : 13.15
Moderator : Elida Zairina, S.Si., MPH., Ph.D., Apt.

No	Name	Abstract Title
1	Julaeha	A Preliminary Study: The Pattern of Antipsychotics Uses Among Schizophrenia Outpatients in A Mental Hospital
2	Wahyuri	Clustering of Drug Sampling Data to Determine Drug Distribution Patterns With K-Means Method
3	Ellyvina S. Dhini	Sociodemographic Profile, Source of Infection, and Antiretroviral (ARV) on People with HIV/AIDS (PLWHIV) Outpatients in Tertiary-care Hospital Turen in District of Malang
4	Yunita Nita	Factors Affecting Adverse Drug Reactions (ADRs) Reporting by Healthcare Professionals in Several Hospitals in Surabaya
5	Mahacita Andanalusia	Patient Compliance with Diabetes Mellitus Drug Therapy at Tanjung Karang Primary Health Care Center, Mataram
6	Yunita Nita	Cost of Illness in Type 2 Diabetes Mellitus Patients with Metformin Monotherapy at Several Primary Health Care Centers in Surabaya

Date : Thursday, 29 August 2019
Room : B (R.K 6.5, 6th floor)
Time : 13.15
Moderator : Anita Purnamayanti, S.Si., M.Farm-Klin., Apt.

No	Name	Abstract Title
1	Avianto Primadi	In Vitro Equivalence of Generic and Branded Amoxicillin Tablet by Microbiological Assay Method
2	Pratama Novan	Comparison of Antibiotic Prescribing in Adult and Children with Upper Respiratory Tract Infections in Bangka Tengah Primary Health Care
3	Riskha Aulia	Effect of Chemotherapy Costs on Improving Quality of Life in Nasopharyngeal Cancer Patients
4	Alifia Risma Fahmi	Profile of gyrA Gene Mutation in Clinical Isolate of Levofloxacin Resistant Escherichia coli
5	Budi Suprapti	Medical Problems in Patients with Chronic Kidney Disease Undergoing Hemodialysis and Their Therapy
6	Dirani	Evaluation Chemotherapy Used in Patient with Diffuse Large B Cell Lymphoma (Study at Dr. Soetomo General Hospital Surabaya)

Date : Thursday, 29 August 2019
Room : C (R.K 5.6, 5th floor)
Time : 13.15
Moderator : Andang Miatmoko, S.Farm., M.Sc., Ph.D., Apt.

No	Name	Abstract Title
1	Putri Anggreini	Quercetin Attenuated the Repeated Predator Stress Exposure-Evoked Innate Fear and Behavioral Perturbation
2	Reni Dwi Firlyani	The Effect of Erythropoietin on Cognitive, Motor and Sensory Function on Animal Ischemic Stroke
3	Ruswien Nona Amine	The Effect of Curcumin on Mice Model of Oxaliplatin-Induced Peripheral Neuropathy
4	Nursela Hijriani	The Effect of Curcuma Extract (Curcuma xanthorrhiza Roxb.) as an Adjuvant of Captopril Therapy on Cardiac Histopathology of Hypertension Induced Male Mice (Mus musculus)
5	Marisca Evalina	Molecular Docking Study of Sappan Wood Extract to Inhibit PBP2a Protein and Its Activity Against MRSA
6	Chrismawan Ardianto	Comparative study on the effect of antidepressants on stress-induced ulcer
